Our tour of Athens starts this morning at the Panathenaikon (Kallimarmaro) Stadium where we'll learn about the first Olympic Games of the modern era which were held here in 1896. Continuing on we make several other stops to see more of ancient and modern Athens, including the Temple of Olympian Zeus, Hadrian's Arch, the Parliament building, memorial to the Unknown Soldier, the Academy, the University, the National Library, and Constitution Square (Syntagma). In the afternoon we head to one of the most important and famous ancient sites in the world, the Acropolis, which sits on top of a rocky hill overlooking the city, providing great views. You'll see the temple of Olympian Zeus and Hadrian's Arch, which formed a symbolic entrance to the city. You'll also tour the Temple of Nike, the most famous of Greek relics, the Parthenon, and see the original home of the marble sculptures removed by Lord Elgin that are now held in the British Museum in London. While at the Acropolis you'll also visit the impressive museum, the towering entrance of Propylaea, the Erechtheion, and the Temple of the Athene Nike.

After touring these sites with our guide we head on to Nafplion which was the first capital of Greece in the region of Argolis. This is the birthplace of the Olympic Games, which are thought to have begun here in 776 BC as part of a religious festival in honour of the king of the gods, Zeus. We'll visit the archaeological site of Ancient Olympia and learn more about the games' history, taking in the Temple of Zeus and Hera, the Stadium, the altar of the Olympic flame, and the museum which hosts an impressive statue of Hermes of Praxiteles.

Later in the afternoon we leave Olympia and head north over the Rio-Antirio Bridge to Delphi.

This morning's tour is truly spectacular, as we explore the unique landscape and rock formations of Meteora. There are towering cliffs here with ancient Christian monasteries built perched on the tops. We will visit some of the monasteries and also enjoy the amazing views to them across the valleys and marvel at how they must have been built.

Note: The monasteries at Meteora have a strict dress code. Women need to wear a long skirt, dress or sarong (trousers or shorts covering the knees are not enough). Men must wear long trousers. Sleeveless shirts are not allowed. Please ensure you have appropriate clothing ready for this day.

We'll then return to Athens, passing Trikala, Lamia and Thermopylae, taking a short stop on the way to see Leonida's Monument. Finally we return back to Athens in the early evening. This is the last night of our Classic Greece tour, while this tour continues on to Santorini tomorrow.

Day 7: Ferry to Santorini

We pick you up from your hotel early this morning and transfer you to the port where you'll board the ferry and head out into the Aegean Sea and the Cyclades islands. Our normal ferry departure is the Blue Star line departing at 07.25 and arriving in Santorini at 14.50 though these times are subject to change.

On arrival in the breathtaking island of Santorini we get our first view of the huge underwater caldera (crater) and surrounding cliffs that were created by a huge volcanic eruption in the 16th century. The two main towns of the island, Fira and Oia cling to these cliffs with their whitewashed, cubist style houses overlooking the bay and beaches made up of black, red and white lava pebbles. It's a spectacular setting and after transferring you from the port to your hotel, the rest of the day is free for you to relax and start exploring. Our local representative will give you a briefing on the island's geography, what you can see and do independently, and what optional activities are available.

Day 8: Santorini, free day

Your day is free today, and you can start to explore the island in more depth. There are a range of popular boat trips available to take you around the crater. These include options to hike up to the active volcano, swim in the warm thermal waters of the hot springs, take a therapeutic mud bath, stop at Red Beach and White Beach to swim and snorkel, visit Thirassia and explore its villages. You can also eat lunch or dinner on board, and watch the sunset below Oia on some trips. Other half and full day tours available include winery tours (Santorini has some great wine), cooking classes, and visits to ancient Akrotiri where you can see the ruins of the village left behind after the volcanic eruptions that made the island uninhabitable. There are also many different beaches around the island you can visit, and taking a hike around and between the villages on the edge of the caldera is a great experience. You can walk from 2 to 5 or more hours, and explore tiny winding alleys through different villages higher up or lower on the cliffs. You'll meet great views around almost every corner and finishing in Oia to enjoy a drink and the sunset is a particular highlight. Rental cars are also available if you'd like to explore further afield.

If you would like to extend the tour by adding more days on Santorini, or to finish the tour early here and stay on independently, please contact us for details.

Notes

The itinerary above is subject to change based on the Greek island ferry schedules. While it does not happen often, sometimes ferry schedules are changed without notice and ferries may also be cancelled completely due to poor weather conditions. In this event the program may need to be adjusted and you may end up spending more or less time in one location than originally planned. This is the nature of travel between the islands and we thank you for your patience and understanding in the rare event of this occurring.

Unlike many of the Greek islands, Santorini is an all year round destination, and remains a very attractive and interesting place to visit whatever time of year it may be. However, some hotels, shops, restaurants and attractions do close during the winter months (November to March). During this time we may use boutique style guesthouses located closer to the centre of Fira so that you are as close as possible to what is still open.

Options

Our tours are designed to include all that you need to enjoy a really special time in the destination you're visiting.

However, we do also offer some extra options to complement the tour and add some additional sightseeing or activities, or some extra time at either end of the tour.

All accommodation based options (e.g. Single supplements, extra nights, cruise upgrades) should be booked and paid for in advance so that we can make the appropriate arrangements.

Other options may either be booked and paid for in advance or while you are on the tour, though we recommend booking in advance to ensure there are no issues with availability.

Many options are priced the same throughout the year, but some may incur single or high season supplements - full details are given on the tour reservation form or on request.

Extra day in Athens - pre-tour

Min numbers: 1

This option adds an extra day to the start of your tour, staying in the same hotel as the main tour itself (subject to availability). Your airport arrival transfer is still included. Prices shown are per person and based on two people sharing. Note: Single room and peak season supplements apply.

Price: Starting from - \$90

Extra day in Athens - post-tour

Min numbers: 1

This option adds an extra day to the end of your tour, staying in the same hotel as the main tour itself (subject to availability). Your airport departure transfer is not included. Prices shown are per person and based on two people sharing. Note: Single room and peak season supplements apply.

Price: Starting from - \$90

Single room supplement

Min numbers: 1

Due to the style and nature of this tour, we do not arrange room shares between people not travelling together. This option therefore provides a single room in all the accommodation throughout the tour and should be added by all solo travellers. Note: Single supplement prices may vary seasonally.

Price: Starting from - \$685

1. Accommodation

Our tours in Greece use a range of hotels mainly at the local 4-star level with some more boutique style properties or deluxe guesthouses also used where possible, especially on the Greek Islands. Please check the Accommodation section for more information on the normal accommodation used on this tour. This list is given as a guide though and hotels may change from time to time to others of a similar standard. If you have specific requests for individual hotels, please contact us about a private/tailor-made tour.

We regularly inspect all the hotels we use to ensure that the service you receive is as close as possible to your expectations. Please check your hotel room when you first arrive (hot water, cleanliness etc.), as our rep will be available for a short time to help in case of any problems.

We will contact you with your arrival hotel details normally a couple of weeks before departure.

Check-in Times: Official hotel check-in times in Greece are between 14.00 and 15.00 and from 17.00 on our Greek Gulets. However, we do always try to ensure that if you arrive early, you can check into your room as soon as possible. We can nearly always get you into your hotel rooms by midday, but please understand that it is out of our control if the hotel is full and it takes a little longer. You will have full use of the hotel facilities while you wait if there is a short delay.

Greek Islands: The winter season on the Greek islands (November to March on Santorini, October to April on quieter islands) is very quiet, with many hotels closing completely. When necessary we therefore book alternatives that we feel provide a good experience suitable to the season. This generally means we aim more for smaller boutique style hotels and guesthouses that have a better location, being much closer to the shops and restaurants that are still open, rather than larger more properties further out that may have swimming pools and more space (which would not generally be used in winter anyway due to the cool weather, even were they to remain open).

Greek Gulets: Our Greek gulets generally carry up to 25 passengers, accommodated in 9 cabins (on our Mykonos Gulet, we use a larger vessel carrying up to 46 passengers. All cabins are ensuite, including comfortable mattresses, reading lights, a hair dryer, a wardrobe and an A/C device (on our Mykonos gulet, cabins have an electric fan rather than A/C).

Shoestring tours: On our shoestring tours hotel upgrade options may be available and due to the potential larger group sizes sometimes more than one hotel may be used in each location. This may mean that more than one hotel pick up and drop off is required at the start and end of each day. If necessary, these are timed so that the overall sightseeing time planned for the day is not affected.

Please check the Single Room Supplement option for details on room sharing options and charges for solo travellers on this tour.

2. Transport

Our Greece tours use a mix of air conditioned minivans, minibuses and coaches depending on the size of the group.

Ferry journeys to the Greek islands are booked in advance and approximate timings are given in our tour itineraries or on request. These are subject to change however, and any tour that visits the islands is subject to adjustments and amendments based on the available ferry schedules. While it does not happen often, sometimes ferry schedules are changed without notice and ferries may also be cancelled completely due to poor weather conditions. In this event the program may need to be adjusted and you may end up spending more or less time in one location than originally planned. This is the nature of travel between the islands and we thank you for your patience and understanding in the rare event of this occurring.

Where internal flights are used these will be detailed in the itinerary and fares will be included in your tour price unless otherwise specified.

3. Transfers

Our onland tours in Greece include your arrival and departure airport-hotel transfers and all other transfers. Airport transfers are not included on our Greek Gulet tours.

On tours where transfers are included, airport transfers are only included on the first and last day of the set tour itinerary, plus on any additional days if you book your hotel room with us. If you make your own arrangements for additional accommodation at either the beginning or the end of the tour then you will need to arrange your own airport transfers on these days.

4. International flights

We want to give you as much flexibility as possible when it comes to booking your holiday with us. So, to take account of people with varying travel plans, we don't include your international flights in the main tour price. We are however very happy to suggest flights to go with the tour. Please contact us with your preferred dates and departure airport and we'll give you a selection of airlines, times and fares to choose from.

Your airport arrival & departure transfers are included on the first and last days of the tour. Most of our Greece tours start and finish in Athens and are served by Athens international airport (ATH). Transfers from other airports, including on the Greek islands may also be included if your tour starts/finishes there - please check the tour inclusions/exclusions for details.

We do also sometimes advertise flight inclusive packages from selected airports. Where these are shown on our website, prices are correct at the time of quoting, but are subject to continued availability of the fare used. Prices will be reconfirmed at the time of booking, and we will also provide the flight times and airline details before tickets are issued.

Flight inclusive prices are based on the cheapest Economy ticket class available which is generally non-refundable and non-changeable unless the flight is cancelled for reasons such as Covid-19, in which case the airlines are more flexible. More flexible ticket options, as well as Premium Economy and Business Class tickets are available on request for an additional supplement. Any changes made to flight inclusive bookings will be subject to the airline rules on your ticket.

Flight CO2 Emissions:

Traveling by air is an amazing way to explore the world, but flights also contribute to carbon dioxide (CO2) emissions that impact the environment. By considering the airline's CO2 emissions when you choose your flight, you can help minimize your travel footprint.

When selecting your international flights and airline, we do therefore recommend that you try and also take into account the flight CO2 emissions. Some airlines and flight search websites (eg. Google Flights, Skyscanner) do publish this information, so you can compare between your flight options and make an informed decision. Thankfully, many airlines are working towards sustainability efforts, and choosing a greener option allows you to contribute to positive change while still enjoying your incredible adventure.

5. Group Size/Tour Leaders/Guides

Our Greece Shoestring tours are 'seat in coach' type trips, shared with other operators and run with a maximum of 50 travellers, and a minimum of 4 (average around 15-25).

On our Greek tours we provide a professional local English speaking tour guide to accompany for all the historic

sightseeing in and around Athens, Olympia and Delphi

On our Greek tours we provide a professional local English speaking tour guide to accompany for all the historic sightseeing in and around Athens, Olympia and Delphi. When heading to the Greek islands our Athens guide or local rep will transfer you between your hotel and the ferry port. You will not be accompanied on board the ferries, but our local representative will meet you on arrival in Santorini and transfer you to your hotel. They will give you a short briefing about the island, assist you with booking any local activities or options, and will be available to help with advice and information and assist you if you have any problems. Otherwise, your time on the island is left free and for independent exploration.

6. Entrance fees, Hotel fees & permits

Escorted tours and tailor-made trips generally always include site entry fees in the price - please check the Inclusions/Exclusions section for details.

However, our Greece **Small group (including Greek Gulets)** and **Shoestring** tour prices do not include entrance fees to the tourist sites mentioned in the itinerary. You will need to cover the cost of these as you go along. Current prices are shown below, though these are subject to change by the local authorities at any time. A 50% discount is currently available on some fees during the winter months of November to March. Not all of the entrance fees below apply to all tours - please check your itinerary and the inclusions/exclusions section for a budget for your trip.

Camera Fees: Photography may be restricted in various ways at different sites. Often flash photography is often forbidden to protect the exhibits and ancient pigments, and sometimes cameras are not allowed in at all. Please respect these rules as they are there partly for your benefit. Tickets are not generally required for normal cameras, but if you have a video camera, if its use is permitted there will sometimes be a charge.

Hotel Residence Fees: The Hellenic National Tourism Organization has announced that a residence fee will be applied on all hotel accommodation, starting from 1st January 2018. The fees must be paid by guests directly to the hotel before the end of their stay and are therefore not included in the tour price. Fees are per room per night (not per person) and have been set at EUR 1.50 for 3* hotels, EUR 3.00 for 4* hotels and EUR 4.00 for 5* hotels.

7. Tipping

Tipping is common practice in Greece, though not as extensive as in nearby Turkey. For basic restaurants, taxis and

local markets, leave the loose change. For more up-market restaurants we suggest 5% to 10% of your bill. We include a 'tipping kitty' in your tour price which your tour guide/leader will use to tip a wide range of people along the way to help ensure the smooth running of the tour. This does not include your tour guide/leader, driver(s) or transfer staff though.

Drivers: You may have a range of private drivers on your trip. For those you see for at least several days and who are more involved with the group, a tip of around EUR 1-2 per person per day is generally appropriate.

Tour guide/tour leader: If you think your tour guide and/or tour leader has worked hard and provided a good service then s/he will appreciate a tip of a few Euros. How much you tip is subject to your satisfaction with their service and your personal budget. You should not feel pressured to tip any particular amount. As a guideline, we can suggest that for good service, a tip of EUR 3-5 per day for local tour guides or local tour leaders would be fine.

8. Health and Vaccinations

You should ensure you are fully insured for medical emergencies including emergency evacuation and repatriation. UK travellers visiting other European Union countries including Greece should also carry the European Health Insurance Card (EHIC) as it entitles travellers to reduced cost, sometimes free, medical treatment in most European countries.

Recommended vaccinations and other health protection measures vary according to the country you are visiting and where you are travelling from. We recommend you contact your GP/medical practitioner or a travel clinic for current information on vaccinations needed for your destination.

You should ensure that you are up to date with vaccines and boosters recommended for your normal life at home, including for example, vaccines required for occupational risk of exposure, lifestyle risks and underlying medical conditions. No additional courses or boosters are normally recommended for Greece though you could consider Tetanus and Tick-borne Encephalitis.

More information is available here: [Greece](#)
[Malaria map](#) - there is low to no risk of malaria in Greece, none in tourist areas.
Yellow fever certificates are not required.

9. Passports and Visas

Passports should be valid for at least six months after your departure from the country. Please do not bring an almost full or almost expired passport. Visa arrangements are the responsibility of the traveller, and requirements are subject to change by the local authorities.

Some foreign nationals require a visa to enter Greece, though many do not (including UK, EUR, US, CA, AU, NZ, SA). More information is available at [visas for foreigners](#).

10. Time

Greece Time is GMT plus 2 hours. Daylight saving adjustments of 1 hour are applied, starting at the end of March and finishing at the end of October. Exact dates vary from year to year.

11. Money

The currency in Greece is the Euro (EUR). 1 Euro = 100 Euro cents. Banknotes: 5, 10, 20, 50, 100, 200. Euros Coins: 1, 2, 5, 10, 20, 50 Euro Cents and 1, 2.

Credit Cards and Travellers Cheques are widely accepted in major cities and tourist resorts. ATMs are also accessible at all our destinations and generally offer the best exchange rate. A mixture of debit, credit cards and cash are the best forms of currency. You should split this up and keep some separately as a backup in case you

lose your main money/cards.

It is difficult for us to specify the amount of money that you will spend per day, however, as a general rule EUR 25 to 50 per day can provide you with additional meals, tipping, snacks & drinks. Should you wish to purchase many souvenirs or other luxuries, of which there is a diverse range, you will have to budget for these.

Greek Sailing Tours:

Please note that there are no card payment facilities available onboard our Greek gulets, payments should be made onboard in Euro cash. Whilst many of the locations visited on our sailing trips do have ATM facilities, these cannot be guaranteed in all locations, particularly on smaller islands, therefore we always recommend having a supply of cash.

12. What to take

Luggage: Suitcases, rucksacks or fabric holdalls are all fine to bring with you to Greece. You should also bring a small daypack/bag to take out during the day. Your main luggage will normally be left in the hotel during your sightseeing trips - you will not need to carry it far, and there are nearly always hotel porters to assist.

Luggage limits: There is no luggage limit for this tour. However, most airlines restrict you to between 20kg and 25kg for your hold luggage and between 5kg and 10kg for hand luggage. Please check with your airline before travelling to the airport.

Clothing: Greece's climate changes drastically, with cold winters and hot summers. In Greece from late March to May, spring brings with it average temperatures of around 15C, though the weather does gradually warm up with sunny days interspersed with rain showers. From May to the end of October, the climate is hot and sunny, getting cooler as the year progresses. By the end of October you can expect the first of the winter snows. So you must pack for cool and potentially wet conditions late in the year.

Other items: We also recommend you bring a sun hat, sunscreen, sunglasses, a basic first aid kit, toiletries, money belt, small torch, camera & charger.

13. Booking & Payment

If you would like to book a place on this tour, please complete the online reservation form on our website (via the Dates & Prices tab on the tour page). You may make a deposit or full payment online, or just hold a reservation if you prefer (full payments are due 8 weeks before departure). We will then contact you with more details about how to complete your booking. Payments may be made by debit or credit card (subject to a card processing fee), or by making a bank transfer, or posting us a cheque/bank draft. Full details will be provided in your booking confirmation email. Please [contact us](#) if you would like any more information or have any questions before making a booking.

14. Travel Insurance

Travel insurance is compulsory on all of our tours and needs to cover personal accident & liability, medical expenses and repatriation, travel delay & abandonment. We also strongly recommend that you take out cover against cancellation and lost/stolen baggage. Personal medical insurance does not normally provide sufficient cover and is generally not suitable for travel on our tours. You will not be able to join your tour if you have not provided us with details of your insurance or if you arrive without cover in place (no refunds will be due in this event). [More information...](#)

You may arrange your own insurance, or you can take advantage of a comprehensive policy that we can arrange for you through Endsleigh Insurance which has been designed to be suitable for our tours. The policy is available to travellers of all nationalities and you do not need to live in the UK to take out the policy. For full details of cover

provided, prices and to apply for one of our policies, please complete [travel insurance application form](#).

Note: Any country that borders the Mediterranean is considered as 'Europe' for the purposes of travel insurance (including Turkey, Israel, Egypt and Morocco). If you are doing a tour that visits one country in 'Europe' and one that is 'Worldwide' (for example, an Egypt and Jordan tour), then you need a 'Worldwide' policy. When completing the form you should enter your travel dates including any extra days involved in overnight flights or connecting travel between your home and the tour. Our policies are not able to cover any extra time or activities other than your tour and options booked with us and your travel to & from home.

Note - to comply with insurance sales regulations, our travel insurance policies are only available to customers booking directly with us. If you have booked through a travel agent you will need to arrange your own insurance.

If your tour includes car hire, or if you plan to arrange a hot air balloon flight locally or do some scuba diving during your tour, you should check the small print in your policy to make sure these are covered (these are covered in our policy). Please also check the maximum altitude that you will be reaching and that full cover including emergency evacuation is provided up to this altitude.

If you are taking expensive camera gear or other electronic equipment with you then please check the coverage and the fine print of your policy to ensure that you have sufficient cover.

IMPORTANT: We must have your travel insurance details (policy number and type of insurance) before you depart or you may not be allowed to join the tour. If you haven't told us already, please let us know the details when you can. You should take a paper copy of your insurance policy with you as you may be asked to show this at the start of the tour.

Covid-19

Before purchasing any travel insurance, please check the coverage provided for situations related to Covid-19, and for the rules about government travel advice. Your normal policy may not be suitable. Details about our own policies cover levels are given [on our website](#).

15. Financial Security

We are a UK registered company and are committed to providing our customers with financial protection to provide peace of mind and to allow you to book with confidence.

We have therefore partnered with Trust My Travel Ltd., which provides financial protection services to over 2000 partners around the world. Funds paid to us by our customers are protected via an Insurance policy held by Trust My Travel. Each traveller and the description of services sold is declared against Trust My Travel's insurance policy directly against our financial failure. In the event of our insolvency, you will be refunded for any unfulfilled products and/or repatriation to the UK (where applicable). Please see [our website](#) or [booking conditions](#) for more information.

16. Responsible Tourism

It is impossible not to have an impact on the local environment, cultures and eco-systems when you travel. However, it is very possible to try and ensure that these impacts are as limited, or positive as possible. We are committed to ensuring that we try to leave our host countries in a better state than we found them and encourage and assist our travellers to help us with this.

The following are a few simple tips that require very little effort on your part but which will help ensure that any effect you have on the locations you visit is positive rather than negative.

- Don't prejudge: Things in different countries will almost certainly be different. That doesn't make them worse or inferior, just different.
- Communicate: Don't expect locals to speak your language. Take the trouble to learn a few words or phrases of the local language. Don't worry about sounding silly. Most locals are patient and accommodating and appreciate you making the effort to communicate in their language.

- Conserve energy: Be careful not to waste valuable resources. Use local resources sparingly. Switch off lights, air-conditioning and fans when you leave the hotel room and don't waste water. Remove superfluous packaging. Many countries have far less efficient waste disposal systems than ours. Remove packaging from newly acquired items before leaving home.
- Don't litter: No matter how untidy or dirty the country you're travelling in may look to you, avoid littering, as there is no need to add to the environment's stress. Many of the countries we visit have a tough challenge dealing with rubbish and waste. Please consider taking home as much plastic waste as you can (e.g. water bottles).
- Choose environmentally friendly products: By using environmentally friendly (bio degradable) sun creams, shampoos and detergents you can help reduce pollution.
- Respect local customs and traditions: As you are a guest in these countries, you should also comply with the local customs. If you are friendly and well mannered, the locals will reciprocate and it will only enhance your experience. It's important to follow dress and behaviour guidelines especially when visiting religious or sacred sites (your tour leader will advise you how best to do this).
- If a client commits an illegal act the client may be excluded from the tour and Encounters Travel shall cease to have responsibility to/for them. No refund will be given for any unused services.

All porters are employed and equipped following guidelines set by the International Porter Protection Group (IPPG).

18. Before you travel

It is important when considering and preparing to travel anywhere in the world that you have a good understanding of the country you are visiting, its laws and customs, and the possible risks and situations that may occur. This includes specific risks related to your itinerary (eg. does it involve water & can you swim, are you fit enough for the activities included), as well as more general risks such as terrorism and natural disasters.

General details and links to more information about health risks, visa requirements, money, and travel insurance are given in these tour notes. We recommend that you re-read all these before your departure as well as the small print of your travel insurance policy so you know exactly what is covered and what is not.

You should take copies of your important travel documents with you and ideally also store them online securely as a backup. Make sure that you have given us your emergency contact details and told that person where and when you are travelling. Ensure you take enough money with you and that you have access to emergency funds.

Finally, you should read through and stay updated with the current [official government travel advice](#) for your destination. We are registered partners with the UK Foreign Office's ['Travel Aware' campaign](#) which provides further useful and invaluable information.

20. Voltage

Sockets are two round pronged and 220 volts (Type C). Universal adaptors are available in most airport shops if you don't have one already. Standard European adapters will work fine, though sometimes they may feel a little loose in the sockets. All hotel rooms have electrical sockets where you can re-charge cameras, phones etc. Hair dryers are normally available on request from the hotel reception if not in your room already.

If you have US appliances (110 volts) you will need a voltage converter as well as a plug adapter.
